jakostib@gmail.com

Experience with HTML, Python, C++, and Java. Able to maintain composure in high stress situations. Works effectively solo or in a team environment. Able to be effective in a leadership role.

Employment History:

Crew member of Tall Ship Friends Good Will
Michigan Maritime Museum 2021-2023

Worked as a general deckhand: following direct orders from the Captain of the vessel, maintained a safe environment for passengers, assisted in the maintenance of the vessel, and taught the history of the vessel.

Promoted to be able to be Deckhand 2: all general deckhand duties as well as being in charge of the spotters (this position is 4th in command)

Promoted to be able to be Deckhand 1: all deckhand 2 responsibilities as well as being commander of the weather deck (3rd in command)

Education:

Highschool diploma
Watervliet High School

Enrolled in a Computer Science Program
Michigan State University

Other Activities:

- Officer of Michigan State University's Renaissance Sword Society
 - Volunteer at Berrien County Animal Control (dog walker/animal enrichment/all purpose helper)
 - Volunteer at Michigan Maritime Museum (assist with up and down rigging of the Tall Ship)
 - Advanced Honors program in high school from the Andrew's University Math and Science Center
 - Was in National Honor Society.
-

Career Objectives:

Work for a company that utilizes my abilities with Computer Science, specifically software development, and possibly specialize into A.I.
